CHILDRENS ART COMPETITION! PRIZES 2 X AMAZON FIRE TABLETS

Dear Parents and Teachers,

THE COMPETITION

We would like to help the local children celebrate this festive time of year and how better than making a eye catching bauble. So get out your craft boxes, get your glue sticks at the ready and let's get CRAFTING! Design and make a Bauble which we can hang in the practice for everyone to see. Over the years, our patients have loved looking at your designs. From Santa's reading glasses to Eddy the elves new sunglasses, they've loved them all! So, Let's see what you can make this year, and don't forget for every bauble that is brought into the practice, a treat is waiting. So why not give it a go, you never know... you may be a winner!

GOOD VISION IS ESSENTIAL

Without good vision children can suffer enormous setbacks in their learning and the development of their life skills. Sadly in the UK one in five children have never had an eye examination, leading to about one million children under 12 with uncorrected visual defects.

Regular eye examinations for your child are free of charge on the NHS. The test is straightforward, painless and interesting. (Do you know what the back of the eye looks like?) Wendy and Matthew are both experienced at putting your children at ease while carrying out a very thorough test. If your child needs spectacles, we can provide these free of charge. No child is too young for an eye examination and we recommend starting when your child turns 3 or sooner, or at any age if there are any concerns.

HOW TO ENTER

Please see overleaf for details of how to enter the competition, the entries will be displayed from 23rd November in our practice for everyone to enjoy. The entries will be judged by a local Artist and the Mayor will present the prizes on Sat 3rd Dec at the practice. Best of luck with your entry and we hope you have fun. If you have any queries regarding the competition or you would like to arrange an eye examination for your child please get in touch.

Best Wishes

Wendy
