**Summer Fair**

Our annual Summer Fair is fast approaching. Please save the date of **Saturday 29<sup>th</sup> June 1-4pm**. The FOBs team have been working very hard to plan another fun and enjoyable day for children and parents.

This year FOBs have taken two themes very close to the children's hearts – being environmentally conscious and after our work with KCFRT, supporting the children to make healthy choices. To support this we will be asking parents to use a (non-glass) recycled container for the popular cupola and try to fill it with fewer sugary treats, e.g. stationary, seeds, craft materials, friendship bracelets, stickers. There will be a prize for the most imaginative upcycle/healthiest cupola.

As usual, the FOBs team needs support from the wider parent community to run the event. If you can volunteer an hour of your time then please sign up to our volunteer sheet which will be sent later this week.

Please see the attached letter from the FOBs team giving more information about the fair. If you have any questions please contact Tina on [FOBs@bexton.cheshire.sch.uk](mailto:FOBs@bexton.cheshire.sch.uk).

**Stride/Ride to School Week**

As part of the eco-teams project this year we are having a special week where we encourage the children to come to school in an environmentally friendly way. This could be walking, riding a bike, on a scooter or even parking a little further away from school and walking for those who really need to come in the car. Each class will be recording how they travel to school each day and the class with the most children walking, cycling or scootering over the week will have a special craft activity with a recycling theme!

**Climate Change Campaign – Monday 17<sup>th</sup> June**

Some of our Year 5 children have requested they set up a stall in the playground to share information about climate change. They are very passionate about the issue and want to share their ideas through banners, posters and information leaflets. If you have five minutes please stop to chat to them!

They can either take them straight to the poly tunnel (near the Dusk to Dawn building) or send them to Mrs Stephenson's classroom. Children in gardening club will be planting them up very soon.
