

# Molly and Max say don't feed the trolls!

An **online troll** is like a school bully only they are on the internet. They say mean things and try to start fights on social media even if those things are not true.

There are some things you can do to stop them in their tracks:

Tell an adult

Don't interact with the person

Keep the evidence

Report them to the website you are using

Block the person

Change your password and privacy settings

Be careful what you post online

Enjoy something positive online like a video of a hippo eating a watermelon!

If the person is making online threats to you, tell an adult and report them to the police.

Remember if you wouldn't say it in person don't post it online!
